(ADDENDUM NO. 1 ON THE ACKNOWLEDGEMENT OF THE ADDENDA FORM IN THE ITB
DOCUMENTS

LOCATION	TAG	VENDOR	QUESTION	ANSWER TO QUESTION
ALL LOCATIONS	ALL ITEMS	DUPLER	How do you want us to handle the items that have a freight cost for the manufactures that call out freight?	This should be included in the Delivery and Install Line of each section.
BNT	DKW-02	DUPLER	Do you want panels against the wall? Panels call out hardwire infeed with power whip, is this correct? Do you want overheads (would block access to tower bookcase)?	No Panels against the wall. No power whip for this location, power/data will be located at wall. No Overheads.
CAN	DKW-02	DUPLER	Do you want panels against the wall? Spec calls out access power from wall and also hardwire infeed to panels, can you clarify? Do you want overheads (would block access to tower bookcase)?	No Panels against the wall. No power whip for this location, power/data will be located at wall. No Overheads.
LIN	DKW-02	DUPLER	Do you want panels against the wall? Power says access power from wall, is this correct? Do you want overheads (would block access to tower bookcase)?	No Panels against the wall. No power whip for this location, power/data will be located at wall. No Overheads.
MAR	DKW-02	DUPLER	Panels are called out as 42"H against wall, is this correct? Panels call out hardwire infeed with power whip, is this correct? Do you want overheads (would block access to tower bookcase)?	Yes, provide 42" Panels along window wall. Power whip should be provided and power should be run through the panels. No Overheads.
BNT	DKW-02	DUPLER	Furniture Image shows an open frame leg but floor plan shows an end panel. Would like to confirm if we should follow the floor plan or the furniture image.	This should have a end panel as shown on the floor plan.
CAN	DKW-02	DUPLER	Furniture Image shows an open frame leg but floor plan shows an end panel. Would like to confirm if we should follow the floor plan or the furniture image.	It can be an open frame leg

LIN	DKW-02	DUPLER	Furniture Image shows an open frame leg but floor plan shows an end panel. Would like to confirm if we should follow the floor plan or the furniture image.	It can be an open frame leg
MAR	DKW-02	DUPLER	Furniture Image shows an open frame leg but floor plan shows an end panel. Would like to confirm if we should follow the floor plan or the furniture image.	This should have a end panel as shown on the floor plan.
LIN	DKW-02	DUPLER	This location shows the wardrobe orientation different than others. Can you confirm this is correct?	The locker cabinet side is on the outside of the unit with the drawer storage, and then the shelving unit is open to the desk on the side
ALL LOCATIONS	CL-01	KBI	Confirming the Electronic lock is what is being specified for these units.	Yes, the Electronic Lock is correct.
CAN	CL-01	KBI	Please confirm the sizes for this unit	5 lockers wide, by 3 lockers high
CAN	CL-02	KBI	Please confirm the sizes for this unit	4 lockers wide, by 3 lockers high
BNT, MAR, LIN	PE-04	KBI	The fooseball table specified has been discontinued. Should we provide an alternate?	Yes, please submit before the bid so we can review.
CAN	TBL-30, TBL-32	KBI	Description says clamp mount power. Looks like it should be grommet power for the provided floor cores. Can you clarify?	Both should have: COVC2P2U-S (x2) CSP Surge suppressed power bar CSP Holder to mount power bar to table provide 2 Cove, Clamp Mounted corded power units in table top and one CSP/CSP Holder surge suppressed power bar and holder under table for connection to building power in floor
CAN	WTB-04	KBI	What is the intended size for WTB-04 in Canal Winchester 120 Multipurpose Room?	7'W X 48'H

ALL LOCATIONS	METRO SHELVING	KBI	Which finish for the metro shelving? Stainless Steel or Chrome?	Chrome
CAN	LC-11	KBI	Please confirm that frame is to be CINDER to match the arm cap. Please confirm that models at each location are the Wing Back version with an ottoman for each	Frame is to be Iron 463 as specified, arm cap to be Cinder as specified. Delete wood finish. Wing Back Version with Ottoman is the correct version. All units should have: Recliner/glider; upholstered seat, back and arms with Polyurethane arm caps, glides on legs, and head pillow; footrest and back operate independently of one another
BNT	LC-11	KBI	Please confirm that frame is to be CINDER to match the arm cap. Please confirm that models at each location are the Wing Back version with an ottoman for each	Frame is to be Iron 463 as specified, arm cap to be Cinder as specified. Delete wood finish. Wing Back Version with Ottoman is the correct version. All units should have: Recliner/glider; upholstered seat, back and arms with Polyurethane arm caps, glides on legs, and head pillow; footrest and back operate independently of one another
LIN	LC-11	KBI	Please confirm that frame is to be CINDER to match the arm cap. Please confirm that models at each location are the Wing Back version with an ottoman for each	Frame is to be Iron 463 as specified, arm cap to be Cinder as specified. Delete wood finish. Wing Back Version with Ottoman is the correct version. All units should have: Recliner/glider; upholstered seat, back and arms with Polyurethane arm caps, glides on legs, and head pillow; footrest and back operate independently of one another

MAR	LC-11	KBI	Please confirm that frame is to be CINDER to match the arm cap. Please confirm that models at each location are the Wing Back version with an ottoman for each. Wood Finish has been called out that is not a Kimball Finish.	Frame is to be Iron 463 as specified, arm cap to be Cinder as specified. Delete wood finish. Wing Back Version with Ottoman is the correct version. All units should have: Recliner/glider; upholstered seat, back and arms with Polyurethane arm caps, glides on legs, and head pillow; footrest and back operate independently of one another
BNT	KI CHAIRS	KBI	Are we to specify black casters on all items not called out?	Yes, black for all casters.
BNT	CH-25	KBI	Should these have glides? The code marked down said "NG" for no glides.	No Glides on these chairs.
CAN	CH-20	KBI	Model calls for LL1100 (4-leg armless without casters) but the written spec calls for 4-Legs, no arms but warm grey casters which is LL2100 – what model should it be? If LL1100 is accurate, what's the glide selection? (Felt, Plastic or Steel?)	LL1100 is the model, steel glides
CAN	CH-21	KBI	(line 16) Model calls for LL1111 (4-leg w/arms without casters) but the written spec calls for 4-Legs, w/arms but warm grey casters which is LL2111 – what model should it be? If LL1111 is accurate, what's the glide selection? (Felt, Plastic or Steel?)	LL1111 is the model, steel glides
CAN	ST-07	KBI	What is the glide selection on this? (Felt, Plastic or Steel?)	Steel glides
LIN	CH-26	KBI	(Line 3) What is the base type?	Textured Black Base

LIN	CH-27	KBI	(Line 4) This called out PUB for poly shell but that stands for ULTRA BLUE and the spec calls out NORDIC – which color is it? What is the base type?	Nordic and Textured black base
MAR	CHAIRS	KBI	KI- Line 9-14 called out Polished Alumnum frames, however, these are 4-leg chairs with casters. Do you want a painted base? Or chrome?	All Limelight Chairs should be Black Textured (matte) BLT. This will include: CH-18, CH-19, CH-22, CH-23, CH-20A, CH-21A, CH-26, CH-27
MAR	CHAIRS	KBI	Should there be black casters on all items not called out as Black?	Yes, all casters should be black.
